A crossword for every week of the year, more or less: eighty friendly puzzles in four seasons, each one built around a cozy theme, from spring cleaning and the flower show to snow days and cocoa by the fire. No trivia about celebrities, no obscure words, no cryptic tricks. Just plain clues and a pencil.

Before You Begin

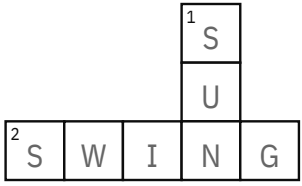

How to Solve

Each puzzle takes up two facing pages. The **clues** are on the left, the **grid** is on the right, and every puzzle has a theme, so most of its answers belong together: things you'd find in a bakery, birds at the feeder, games on the lawn.

Every answer starts in a **numbered square**. **Across** answers read left to right from their number, and **Down** answers read top to bottom. Write one letter in each square.

Wherever two answers cross, they share a letter. That's the whole trick of a crossword: every answer you're sure of gives you letters for the answers that cross it.

A clue with a blank, like ___ *pin*, wants the missing word (ROLLING). A plural clue usually has a plural answer. No answer has spaces, hyphens or apostrophes.

1 Down: It shines on the porch (SUN)

2 Across: It hangs from the porch roof (SWING)

The N is shared by both answers.

Before You Begin

Tips & Help

Start with the blanks. Fill-in-the-blank clues are often the quickest wins.

Short answers next. Three- and four-letter answers give you crossing letters for the long ones.

Think of the theme. On the bakery page, a six-letter word for a long French loaf is probably a baker's word.

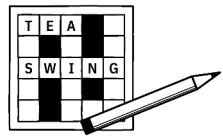

Use a pencil. Write lightly, and rub out without worry.

Leave it and come back. A clue that seems impossible often answers itself once two or three letters are in.

Word banks. Really stuck? Every puzzle's answers are listed in alphabetical order in the Word Banks section at the back. With the word bank alone, each grid can be filled in exactly one way, so it turns any puzzle into a gentle fill-in.

Solutions for all 80 puzzles follow the word banks.

Difficulty. Spring and Summer are **Easy** (15 to 17 answers). Autumn and Winter are **Medium** (15 to 20 answers, bigger grids and more long words).
