

CAMP AMONG THE PINES

Each winter the Frostwood campers pitch their tents beside the mountain pines. This year the trail maps are smudged, and every clearing needs its tents put back.

180 clearings wait between the lodge meadow and the ridge. Each one is a Tents puzzle (also called Tents and Trees): place one tent beside every pine, keep the tents from touching even at the corners, and match the numbers on the rows and columns.

Every puzzle has exactly one solution, checked by computer, and every one can be solved by logic alone, with no guessing.
