

A VILLAGE FULL OF PUZZLES

Welcome to Lantern Lane, where the lamps come on early and every villager has a little puzzle to share.

Who brought the lemon tart, and what did it cost? Which skater drank cocoa after six laps? Each page is a short scene from cozy village life: bake sales, knitting circles, a lantern parade and a snowman contest. Match everyone to the right things using the clues and the grid.

No murders, no crime scenes. Just warm stories and clean logic. Every puzzle has exactly one answer, checked by computer, and can be solved by reasoning alone.
